Here's a great family home in the north end of Rocky with loads of wonderful features. The private front door is nicely tucked along the north side and as you walk into the roomy entryway you're soon welcomed into the open main floor living area. The well designed kitchen features a large island, lots of cupboard and counter space and a fabulous side by side fridge and freezer combination. The living room has a cozy gas fireplace and from the dining area a door opens to the back deck and fenced yard. Upstairs you'll find the primary bedroom and large four piece ensuite with a soaker tub, stand alone shower and double closets. Just across the hall are two more nice sized bedrooms and a full bathroom. There's a wonderful bonus room above the garage that's separate from the bedroom area, excellent for a play room, home office or gym. The lower level is fully finished with a rec/games room and three piece bathroom. The garage is also finished and roughed in for in floor heat and the laundry is conveniently located next to the garage entrance. If you've got an RV there are gates on the back fence that open for extra parking. Note the furnace coil was replaced 2 years ago. This home shows beautifully and is ready for its new owners!
